

FW-403

Insulated Light Screed

CONSTRUCTION CHEMICALS

PRODUCT PROFILE

Ready lightweight insulating screed for intermediate floors, supporting thermal, acoustic and fire performance.

**50 L**

PACKAGING

+5°C +30°C

APPLICATION TEMPERATURE

10-50 mm

APPLICATION THICKNESS

45 dk.

WORKING TIME

KEY BENEFITS

- See the product page for the complete performance profile.

TECHNICAL DATA MATRIX

Packaging	50 L
Application Temperature	+5°C +30°C
Application Thickness	10-50 mm
Working Time	45 dk.
Initial Set	72 saat
Fire Class/Resistance	A1/F120 120 dk.
Theoretical Consumption	14-16 L/m ² /1 cm
Thermal Conductivity	0,047 W/mK
